Residence and Tuition Status

North Carolina Law (G.S. 116-143.1) requires that "To qualify for in-state tuition, a legal resident must have maintained his domicile in North Carolina for at least 12 months immediately prior to his classification as a resident for tuition purposes." The information requested on this form must be supplied by every applicant for admission or readmission to Robeson Community College who claims to be eligible for the N.C. tuition rate. Neither a foreign national nor an alien admitted to the United States on a student visa is eligible for resident tuition status. An alien holding a visa that will permit eventual permanent residence in the United States is subject to the same consideration as a citizen. The residency status of a student has no bearing upon consideration for acceptance to the college.

I certify that the information that I have given in this application is accurate to the best of my knowledge, and I agree to observe all rules and regulations of Robeson Community College. I further agree to allow RCC to publish personal information pertaining to honor rolls, scholarships, athletic events, news releases, and to use personal information in other publications normally considered to be that of a two-year college. All students enrolling in RCC shall be deemed to have agreed to publication of personal data as indicated above unless a disclaimer is filed with the Records & Registration Office by the 10th day of the semester in which the initial enrollment is made.
