

SCHOLARSHIPS

At Robeson Community College, we understand that dedication to excellence deserves its own rewards. Because of this, all students admitted into the Honors College qualify for an academic scholarship of \$500 per year (\$250 per semester).

CULTURAL ENRICHMENT

The Honors College offers and sponsors unique opportunities for cultural enrichment. Academically, the structure of the program facilitates an interdisciplinary approach, while outside of the classroom, the Honors College offers trips to university campuses, large cities, museums, festivals, and conferences. In addition, the Honors College hosts an annual event where students and guests join senior administrators for an evening of fine dining and networking.

APPLY TO

HONORS

- The first step is to complete an Honors application (*separate from RCC's Application for Admission*) with supporting materials
- Eligible students will be invited to campus for a personal interview.

Check our website for the next application deadline:

ROBESON
COMMUNITY COLLEGE

Study The Possibilities™

JOIN THE HONORS COLLEGE AT RCC

MISSION STATEMENT

The mission of RCC's Honors College is to offer academically motivated and talented students an intellectually challenging environment within a supportive and inspiring community. The Honors College blends academic excellence and adventure, allowing students to complete advanced college transfer work while collaborating with fellow students and faculty, and serving the community.

FACULTY MENTORING

As an RCC Honors student, you will work closely with faculty mentors and Honors faculty to envision, propose, and complete academic projects that go beyond traditional course requirements. Honors faculty are selectively recruited and demonstrate excellence in teaching as well as a passion for their respective academic fields.

LEARNING COMMUNITY

In addition to working closely with faculty, you will start out together with other Honors students toward the goal of transferring to the four-year school of your choice. You will experience now the kind of community that will foster learning and excellence. This early experience will set the tone for your academic career, and the small group will serve as an example of academic excellence and adventure, creating an ethos of passion for learning. By enhancing classroom work with service learning, the learning community is extended beyond campus.

ELIGIBILITY

- Declared major must be Associate in Arts (A.A.) or Associate in Science (A.S.)

- New students who wish to be considered for acceptance into RCC's Honors College must have earned a cumulative unweighted high school GPA of at least 3.25

- Current RCC students who wish to be considered for acceptance into RCC's Honors College must have earned a cumulative GPA of at least 3.25 and have completed at least 12 hours in the A.A. or A.S. program
