Introduction

The Performance Measures for Student Success Report is the North Carolina Community College System's major accountability document. This annual performance report is based on data compiled from the previous year and serves to inform colleges and the public on the performance of our 58 community colleges.

In 1993, the State Board of Community Colleges began monitoring performance data on specific measures to ensure public accountability for programs and services. In 1998, the General Assembly directed the State Board to review past performance measures and define standards to ensure programs and services offered by community colleges in North Carolina were of sufficient quality.

In 2010, President Scott Ralls established a Performance Measures Committee to develop new performance-based student success measures to go into effect in 2013. The Committee was led by two community college presidents, Dr. Dennis Massey of Pitt Community College and Dr. Molly Parkhill of Blue Ridge Community College. The Committee was comprised of college presidents, vice-presidents, faculty, and directors from a diverse group of colleges representing various areas of expertise.

After a year of researching, drafting, and soliciting feedback from college faculty and staff on potential measures, the Committee formally presented the following eight measures to the State Board:

- Basic Skills Student Progress
- Developmental Student Success Rate in College-Level English Courses
- First Year Progression
- Licensure and Certification Passing Rate
- GED Diploma Passing Rate
- Developmental Student Success Rate in College-Level Math Courses
- Curriculum Student Completion
- College Transfer Performance

In November 2011, the State Board formally approved the Performance Measures. These measures were then submitted to the General Assembly in March 2012 and later adopted in June 2012 through Section 8.5 of S.L. 2012-142.

As the revised performance measures were being finalized, attention was turned to developing recommendations for incorporating performance into colleges' regular formula budget allocations. In May 2012, President Ralls appointed a team of college presidents to a Performance Funding Committee to develop a performance funding model. This committee was led by State Board Chairman K. Ray Bailey and Garret Hinshaw, President of Catawba Valley Community College.

One of the outcomes of this committee was the establishment of system-wide baseline and excellence levels for each measure. The committee recommended using consistent, statistically-defined levels to promote transparency, simplicity, and objectivity. This utilization of the levels is a departure from the System's historical use of "standards."

Based on three years of historical data (if available) for each measure, the baseline levels were set two standard deviations below the system mean, and the excellence levels were set one standard deviation above the system mean. These levels remain static for three years and will be reset in the 2016 Report.

The performance summary on the following page provides each college with an overview of its results as compared to its peers. Color indicators represent various levels of performance within each measure:

Met or exceeded the excellence level	Above the baseline level, but below the college avg
Above the college avg, but below the excellence level	Below the baseline level

THIS PAGE INTENTIONALLY LEFT “BLANK”

A. Basic Skills Student Progress

Purpose

To ensure adults with low literacy skills are progressing academically toward basic skill attainment necessary for employment and self-sufficiency

Description

Percentage of students who progress as defined by an educational functioning level.

Methodology

Denominator: Basic skills students attempting 60 or more contact hours during program year. Excludes High Adult Secondary Education initial placements.

Numerator: Basic skills students attempting 60 or more contact hours during program year, who complete the program year at a higher educational functioning level. Excludes high adult secondary education initial placements.

Note: Initial placement is set by the first NRS approved test(s) taken during the program year. The initial placement is the lowest Educational Functioning Level of the tests given within 3 days of the first test of the program year. A pre-test is considered if it occurs up to 90 days prior to the program year and the test code and component match the test code and component of the one having the lowest EFL of the first test(s) in the program year.

Source

LEIS annual data file

Details

To be included in this measure student had to have been enrolled in a class during the Basic Skills/College and Career Readiness program year (July 1 – June 30), have accumulated 60 or more total contact hours across all classes enrolled, and not have an initial placement of High Adult Secondary Education. Initial placement is based upon the National Reporting System (NRS) guidelines of being the lowest Educational Functioning Level of the first NRS approved test(s) taken during the program year. Colleges received credit for all students who tested at a higher Educational Functioning Level at any point of the Basic Skills/College and Career Readiness program year (July 1 – June 30) in the same test and component that set the initial placement. Colleges are also given credit for students who test at Adult Secondary Education Low, are an Adult High School student, and meet the federal and state assessment policy guidelines for moving up an educational functioning level to Adult Secondary Education High.

Excellence level: 51.2%

Baseline level: 20.6%

B. GED Diploma Passing Rate

Purpose

To ensure quality GED preparation and high levels of GED attainment

Description

Percentage of students taking at least one GED test during a program year who receive a GED diploma during the program year.

Methodology

Denominator: GED students with an Initial placement of Low Adult Secondary Education or High Adult Secondary Education who take at least one GED test during the program year (July 1 – June 30) and have 12 or more total contact hours.

Numerator: GED students with an Initial placement of Low Adult Secondary Education or High Adult Secondary Education who take at least one GED test during the program year (July 1 – June 30), and have 12 or more total contact hours, and receive a GED diploma

Source

LEIS Annual Data file
Oklahoma Scoring GED test files

Details

Denominator: Students must meet the following criteria:

- Included in the LEIS annual file
- Have an initial placement of Adult Secondary Education Low (ASEL) or Adult Secondary Education High (ASEH)
- Have accumulated at least 12 total contact hours during the program year
- Taken at least one GED test during the program year (July 1 – June 30)

Numerator: All students from the denominator who receive a GED diploma during the program year (July 1 – June 30). Credit is given to the college where the student received the 12 or more contact hours and not the location the GED test was taken.

Excellence level: 82.0%

Baseline level: 49.3%

THIS PAGE INTENTIONALLY LEFT “BLANK”

C. Developmental Student Success Rate in College-Level English Courses

Purpose

To ensure remedial English and reading coursework prepares students to succeed in credit-bearing English courses

Description

Percentage of previous developmental English and/or reading students who successfully complete a credit English course with a grade of “C” or better upon the first attempt.

Methodology

Denominator: All students enrolling in their first credit English course during an academic year who also enrolled in a developmental English and/or reading course during the same or previous academic year. Does not include students who do not attend the class i.e. transfer credits, credit by exam or reported grades of ‘NA’ and ‘NS’.

Numerator: All students earning a grade of “C” or better in their first credit English course during an academic year who enrolled in a developmental English and/or reading course in the same or previous academic year. Does not include students who do not attend the class (ie transfer credit, credit by exam, etc).

Source

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file

Details

Denominator: Students must meet one of the following criteria:

Enrolled in their first credit English course during the reporting year and enrolled in a developmental English or Reading course during the previous reporting year (Fall/Spring/Summer) at the same college.

OR

Enrolled in their first credit English course during the reporting year and enrolled in a developmental English or Reading course during the same reporting year (Fall/Spring/Summer) at the same college. The student’s developmental English or Reading course semester must be equal to or precede their first credit English course.

Not eligible for this measure are students who complete developmental English course by exam, placement or transfer.

Numerator: All students from the denominator who earned a grade of “C” or better in their first credit English course during the reporting year (Fall/Spring/Summer). The first credit English course evaluated cannot be a lab section. First credit English course is based on any course with prefix “ENG” and course number greater than 099. When multiple English courses are enrolled in during the same semester, the lowest numbered course will be evaluated.

Excellence level: 74.9%

Baseline level: 45.2%

D. Developmental Student Success Rate in College-Level Math Courses

Purpose

To ensure remedial math coursework prepares students to succeed in credit-bearing math courses

Description

Percentage of previous developmental math students who successfully complete a credit math course with a "C" or better upon the first attempt.

Methodology

Denominator: All students enrolling in their first credit math course during an academic year who also enrolled in a developmental math course during the same or previous academic year. Does not include students who do not attend the class i.e. transfer credits, credit by exam or reported grades of 'NA' and 'NS'.

Numerator: All students earning a "C" or better in their first credit math course during an academic year who enrolled in a developmental math course in the same or previous academic year. Does not include students who do not attend the class (ie transfer credit, credit by exam, etc).

Source

E. First Year Progression

Purpose

To ensure first-year students reach an academic momentum point that helps predict future credential completion

Description

Percentage of first-time fall credential-seeking students attempting at least twelve hours within their first academic year who successfully complete ("P", "C" or better) at least twelve of those hours

Methodology

Denominator: A fall cohort of credential-seeking students (program code A, D, C) enrolled in curriculum courses at a college for the first time after high school graduation. Must attempt at least twelve hours (including developmental and withdraw) within the first year fall, spring, and summer semesters. Includes those dually enrolled previously at the same institution and excludes students previously enrolled at another college. Does not include students who do not attend the class i.e. transfer credits, credit by exam or reported grades of 'NA' and 'NS'.

Numerator: Those within the cohort above who complete at least twelve hours (including developmental) with a "P", "C" or better within the first year.

Source

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file
National Student Clearinghouse

Details

Denominator: Students must meet one of the following criteria:

- The fall semester is first enrollment term dating back to fall of 2001 and no previous post-secondary enrollment as verified from the National Student Clearinghouse before the start date of the fall semester.
- Academic program code begins with A, D, or C
- Graduated from high school before the beginning of the fall semester.
- Attempt at least twelve hours during the first academic year (Fall, Spring, and Summer). Hours attempted include developmental hours and any class in which the student earns a standard letter grade, except for "Credit by Exam", "Transfer", "NA", or "NS".

OR

- Previous dual enrollment student
- The fall semester is first post-secondary enrollment term following high school graduation from the same college they were Dual enrolled.
- Academic program code begins with A, D, or C
- Attempt at least twelve hours during the first academic year (Fall, Spring, and Summer). Hours attempted include developmental hours and any class in which the student earns a standard letter grade, except for "Credit by Exam" , "Transfer" , "NA", or "NS".

Numerator: All students from the denominator who successfully complete with a grade of 'P','C' or better at least twelve hours within the first year.

Excellence level: 74.6%

F. Curriculum Completion

Purpose

To ensure student completion and persistence toward a post-secondary credential

Description

Percentage of first-time fall credential-seeking students who graduate, transfer, or are still enrolled with 36 hours after six years

Methodology

Denominator: A fall cohort of credential-seeking students (program code A, D, C) enrolled in curriculum courses at a college for the first time after high school graduation. Includes those dually enrolled previously at the same institution and excludes students previously enrolled at another college.

Numerator: Those within the cohort above who by the fall that occurs six years after original cohort designation either graduate (A, D, or C), transfer to a four year institution, or are still enrolled during that seventh fall semester previously completing 36 non-developmental hours.

Source

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file
National Student Clearinghouse

Details

Denominator: Students must meet one of the following criteria:

- The fall semester is first enrollment term dating back to fall of 2001 and no previous post-secondary enrollment as verified from the National Student Clearinghouse before the start date of the fall semester.
- Academic program code begins with A, D, or C
- Graduated from high school before the beginning of the fall semester.

OR

- Previous dual enrollment student
- The fall semester is first post-secondary enrollment term following high school graduation.
- Academic program code begins with A, D, or C

Numerator: All students from the denominator who achieve at least one of the following:

Graduation- Graduated from a North Carolina community college credential program (A, D, C) at any point from the start of their first fall term and up till 6th fall term afterward.

OR

Transfer- Transferred into a 4-year college as archived in the National Student Clearinghouse database on or before the 6th fall after original cohort term.

OR

Persistence- Still enrolled during the 6th fall term and successfully completing at least 36 non-developmental credits prior to the 6th fall term. Successful credit completion is based on grades of C or better.

Excellence level: 45.6%

Baseline level: 28.6%

G. Licensure and Certification Passing Rate

Purpose

To ensure programmatic coursework prepares students to competently practice in their chosen profession

Description

Aggregate institutional passing rate of first time test-takers on licensure and certification exams. Exams included in this measure are state mandated exams which candidates must pass before becoming active practitioners.

Methodology

Denominator: All licensure and certification exams taken for the first time during the licensure agency's most recent reporting year. Only includes state mandated exams which candidates must pass before becoming active practitioners.

Numerator: Licensure and certification exams passed on first attempt during the licensure agency's most recent reporting year.

Details

The number of first-time test-takers and the number passing were provided to the System Office by agencies issuing the license or certification and validated by the colleges. Depending on the exam, data may be provided on a fiscal or calendar year. Exams include Aviation-General, Aviation-Airframe, Aviation - Power Plant, BLET, Real Estate Sales, Cosmetic Arts-Apprentice, Cosmetology, Esthetician, Cosmetic Arts-Instructor, Manicurist, Dental Hygiene, Opticianry, Nuclear Medical Technician, Radiation Therapy, Radiography, Physical Therapist Assistant, Practical Nursing, Registered Nursing, Veterinary Medical Technician, EMT, EMT-I, EMT-P, Massage & Body Work Therapist, and Detention Officer.

H. College Transfer Performance

Purpose

To ensure the academic success of community college students at a four-year university or college

Description

Among community college associate degree completers and those who have completed 30 or more credit hours who transfer to a four-year university or college, the percentage who earn a GPA of 2.00 or better after two consecutive semesters within the academic year at the transfer institution.

Methodology

Denominator: Students with an associate degree or at least 30 articulated transfer credits enrolled during the fall and spring semesters at a four-year institution who were enrolled at a community college during the previous academic year. Only includes North Carolina based four-year institutions and four-year institutions which the individual community college has an articulated transfer agreement.

Numerator: Students included in the denominator who have earned a GPA of 2.00 or better aggregated over the fall and spring semesters at the transfer institution.

Note: Community colleges are allowed to supplement data with results from out of state institutions which they have articulation agreements.

Source

Curriculum Registration, Progress, Financial Aid Report (CRPFAR) data file
National Student Clearinghouse
UNC-General Administration
Participating NC independent colleges and universities including Barton College, Belmont Abbey College, Brevard College, Campbell University, Catawba College, Chowan University, Elon University, Gardner-Webb University, Greensboro College, Guilford College, Mars Hill College, Meredith College, Methodist University, Montreat College, N.C. Wesleyan College, Pfeiffer University, Queens University of Charlotte, Salem College, and Shaw University

Details

UNC-GA matched the records of community college students receiving an associate degree during the academic year or accumulating at least 30 articulated college transfer credit hours against subsequent fall and spring UNC system student records to determine transfer enrollment at a North Carolina public university and first year academic performance. UNCGA provided aggregate totals of transfer students who did or did not attain GPAs equal or greater than 2.00 in their first academic year.

Additional lists of students based on National Student Clearinghouse matches were sent to participating independent colleges and universities. These colleges and universities returned files identifying whether or not students attained GPAs equal or greater than 2.00 in their first academic year.

Data from these sources were combined to determine the overall percentage of transfers with a GPA equal or greater than 2.00 after two semesters.

Excellence level: 93.8%

Baseline level: 71.2%
