TESTIMONIALS

"...I wanted to pass along a short note...I would like to give some words of praise to Ms. Juana Mangum. She has been so responsive and encouraging this session! Anytime I have questions she does all she can to answer them and makes me feel good about my progress in her class. Ms. Mangum is prompt, courteous, and her feedback is always kind. We all have busy schedules outside of our academics, and this includes our instructors also, but the time she puts into this work does not go unnoticed." – Jessica Thomas-Davis, RCC Criminal Justice student

"I loved RCC, and I loved going to the classes there. It was a great experience. I learned something new every day... Attending RCC, and taking that first EMT class in high school, ultimately changed my life." – Cierra Locklear, RCC EMS graduate; EMS Bridge to Nursing Student

"RCC was a very wonderful academic family, it was the bedrock that made me strive to be as much as I could and to accomplish as much as I have. The instructors at RCC, they believe in you, they give you feedback and ways that you can get better. They really invest time in you." – Iliana Claudio, RCC graduate and Fulbright Scholar currently studying in Mexico

"We had a young man by the name of David Burchette II that completed the Effective Teacher Training class on September 30, 2021. He went to the Public Schools of Robeson County on October 1, 2021 and was offered a full-time position teaching Social Studies at Red Springs Middle School. He holds a bachelor's degree in History and will begin working for PSRC." – Julie Baxley, Director of Workforce Development Programs at RCC

"I did not speak English and I did not finish high school, so I decided to come to Robeson to continue my education. I started in ESL, later on, I moved to ABE, which is a basic skills program, when I passed that class I moved to adult high school, while in high school I took my CNA class, my Nurse Aide Class, then I graduated from high school and I moved to college." – Ismael Virgile, RCC Nursing student

"Very often I felt terribly lost trying to master a new language, socially awkward trying to make new friends, and emotionally exhausted trying to make sense of so many confusing experiences, but, over the past two years at RCC, I truly have learned so many valuable skills. This institution has helped me strengthen my capabilities and attain my career goals." – Tomas Perez, RCC graduate and 2021 Academic Excellence Winner
